To Whom It May Concern:

A custom residence is the most private and personal of places. At The Bob Flury Design Group we have spent the past twenty-five years building our reputation for creating unique residences for a discerning clientele. The basis of all of our custom home projects is a close relationship with our clients, builders, and suppliers.

Brothers' Custom Windows and Doors, a premier supplier of custom millwork, provides superior levels of innovation and quality in their wood windows and doors not found in off-the-shelf retail products.

Whenever our clientele have unique design criteria, which is the case more often than not, Brothers' design expertise and flexibility has earned them the right of being our supplier of first choice.

Brothers' comes highly recommended by The Bob Flury Design Group. We feel fortunate to have collaborated with such a specialty supplier, and we look forward to working closely with Brothers' on our future projects.

Sincerely,

Bob Flury, Principal
